

Dear New Kelly Plantation Neighbor,

On behalf of the Kelly Plantation community, the Welcome Committee extends to you a most cordial welcome to your new home.

You will find that Kelly Plantation is a truly special place to live! We are a family-oriented community with residents from all over the United States and beyond. Kelly residents are of various age groups, ranging from young families to empty nesters, all having unique and multiple interests. Many of these interests are reflected in the activities, clubs, and events available to you and your family here at Kelly.

In this folder, you will find information on the various activities offered here in the community, as well as information about the greater Destin area. If you have any questions or need additional information about the Kelly community or the Destin area, please feel free to contact the Welcome Committee member who greeted you and/or me directly.

Once again, welcome! We are so glad that you are here.

Best – 

Cindy Dohner
Chair, Kelly Plantation Welcome Committee
